Sub: Acknowledgement letter for providing support in 3D printing Lab

Dear,

I am glad to know that your college is working on the project titled "Coal crushing and conveyor automation using PLC" to the student for the technology and prototype development. That is really appreciable. I will be happy to be a part of such activity. I will sponsor Rs 70,000/- to the college for the development of this project. So that student can develop some innovative thinking. This can become a business model also which can support start up.

Thank You
